

FREDERICO VARELA

FLORIST AND
NURSERYMAN

36, PARK STREET,
CALCUTTA.

India

"The Sweet Pea has a keel that was meant to seek all shores ; it has wings that were meant to fly across all continents ; it has a standard which is friendly to all nations, and it has a fragrance like the universal Gospel, yea, a sweet prophecy of welcome everywhere that has been abundantly fulfilled"—a just mead of merited praise by the world's privileged Sweet Pea Enthusiast,—REV. W. T. HUTCHINS.

CHOICE SWEET PEAS IN COLLECTIONS

The following Collections include only the most beautiful and distinct varieties of the **New Grandiflora (Scented) Race** and **Frilled or Waved (Spencers)**, and are a wonderful advance on the older varieties. Grown separately in this way they are highly interesting, affording distinct colour schemes in the garden, and may be depended on to furnish a supply of the fairest flowers imaginable for cutting.

VARELA'S TESTED GARDEN SEEDS

IMPORTANT

 My list just suits the varying climate of India, and contains but specially selected strains which, on account of their extra quality or novelty, I particularly recommend as sure to meet with the highest applause from all quarters. The highly meritorious stocks I hold at present are probably the finest the world's raisers have produced to-day, and are without doubt **EXCEPTIONAL STRAINS** which will stand **FIRST** in competition with *any* in the trade. They are largely the result of many years' careful cultivation, hybridization and selection by Continental Specialists, and are well known to my many thousands of regular patrons, who annually receive them as *unapproachable for exhibition or other purposes*. My entire attention being devoted to finding **QUALITY** only, I do *not*, on principle, handle cheap or usual commercial grades.

36, PARK STREET, CALCUTTA.

Frederico Varela.

FRENCH INTENSIVE GARDENING.

ATTENTION has recently been called to the successful methods used by the owners of small plots of land around Paris and other large French cities to obtain the utmost of a crop and profit out of their soil. There is nothing new about the system and nothing mysterious; the problem being to grow as good a crop as close together and as frequently as possible on a given space of ground, and it is solved by the Frenchman by means of hard work and close personal attention, *by employing the most suitable strains and kinds of seeds*, and by copious applications of manure and water. I believe that many in this country will, under the above system, find a profitable use for land held by them, although it can hardly be expected that you will net the large profit of £800 per acre, as instanced in the European Press.

INDIAN VEGETABLE SEEDS.

 Small quantities @ As 6 per packet, each variety. 

These are grown exclusively for me, by reliable farmers, from select, well-matured specimen fruits and plants raised from stock seeds supplied by my establishment; consequently, I enjoy a large sale from Tea Estates, Planters, Jails, Factories and other Industrial Concerns, where a liberal supply of indigenous vegetables are a necessity for coolies, etc.

Terms of Business.

Orders should be accompanied by a remittance to cover costs or instructions to forward the seeds by Value-Payable Post. Orders from outside the V.-P. zones, should invariably be accompanied by the respective remittance otherwise same will not be entertained.

Quantities and Prices.—Seeds offered by the ounce or pound are also supplied in half ounces or pounds. Less than these quantities cannot be supplied at the ounce and pound prices, respectively, where such rates are quoted. A reduction in prices is also made for any seeds ordered in fairly large quantities wherever possible.

FREDERICO VARELA emphatically declines to deliver at erroneous prices figuring in this list that may have escaped his notice, and in the event of unforeseen circumstances, he reserves the right to advance the price of any article without notice.

Packing and Packages are strictly charged at lowest wholesale cost price, and are not returnable.

Postage and Forwarding Charges are extra at purchaser's expense.

Substitution.—To save disappointment, when any particular variety ordered is out of stock, another nearest to same in quality will be substituted, unless instructions to the contrary are received with orders.

ROSE TREES.

First Class Collection in the East.

Including the latest Novelties and Specialties from the Continent and America. A detailed Price List will be posted on application.
